A commercial venture such as this, together with all the other planned development, will change Puhoi beyond recognition and certainly not for the better!

I would like to see a few changes in the park area to be used by locals and visitors alike but I am not sure a model village is appropriate or necessary. We do not have enough infrastructure in the village now for the amount of people currently coming, let alone being able to cope with an influx of tourists. We have roads that are used by vehicles, horses and pedestrians and it isn't safe for 2 or the 3 groups. We should be concentrating of making the area safe first. I understand that the museum has to move and I feel they do need an appropriate facility but I do wonder about the playgroup who occupy the same building. I wonder why no one has said they need to move or that if they do, why they are not asking for help. As for a working blacksmith, I know there are plenty of horse riding people in the village but is there enough to sustain a working blacksmith, as per Larry's wishes? Personally I would like to see some sort of pump track for kids to ride their bikes on with some flat roading layouts to learn some basic road rules on. And maybe updating the playground area, which is used most days by people.

There needs to be clear and inclusive consultation about any proposals. This certainly had not happened this far! As a historic village, it is vitally important that certain aspects are retained. I can see no benefit, merit or interest from the wider nz community for such a venture as that proposed.

Open natural green spaces are disappearing rapidly, where will the children play freely when all the grass is buried under concrete & buildings ?? Begin here in Puhoi and stop an unwanted development of green space

Little confidence in those trying to facilitate change. Any change to the character of Puhoi Village centre should be only done with consultation and agreement with the majority of the community.

I am NOT in favour of this initiative being pushed by Larry Mitchell.
The proposal appears to benefit a minority group within the Puhoi Community and of that minority a few individuals in particluar.
There is no clear or comprehensive business plan articulating how this venture will be funded. The mention of "first-class" management in the proposal is misleading as there is no entity nor personnel employed by it yet.....someone is assuming they have got a job.....and probably an extortionate salary to go with it?
We are a small community and this "venture" which is being led by those who failed miserably with the pathetic garden tourist shed on the pub lawn is another waste of time and should be avoided at all cost.
Auckland Council should not allow such an initiative to proceed.

puhoi didn't need further tourism ventures! It works as it is and between the pub, the store and the cheese factory a village this size will not withstand the extra flow of traffic and people! It's hard enough trying to get to the store to collect mail on the weekend as it is!

I attended the meeting Sunday. Looking at the information supplied, There are many more important issues involved in adding more "commercial" building to the village structure. The spin offs from this so called "small development" have obviously been minimized. The park is very small and a necessary part of a small community like Puhoi. environmentally it will be damaging to the prolific existing wildlife, the only local park for locals and outsiders. There are other issues that will come into the equation. There is limited parking, ALREADY a problem within the Village Center- especially in Summer. With the go ahead of extensive housing developments in Puhoi recently -" BEFORE" any further developments- the bigger issue is to address the traffic flow- SPECIFICALLY the Puhoi- State Highway 1 intersection, unrealistically 100k speed limit -(not yet been lowered as promised late 2015) It is already a busy, dangerous and overloaded intersection. An absolute mine field and has become progressively worse in the last 3 years I've lived here. I am definitely AGAINST this development- In my experience - it generally sets a precedent for more commercialism- which is spreading like a virus everywhere else! Absolute desecration to a tranquil and rare place.

I really feel Puhoi should be left alone . It's our slice of heaven . We have chosen to live in Puhoi for its quietness , it's a quaint wee village and we should leave it like it is. We don't need to bring in tourist as it's known already all over the world as a peacefull village.

I am deeply concerned about the pubic green being used for a tourist venue for a number of reasons:

1. We live in Puhoi because we want a peaceful life, more tourists negatively impact the peace of the village
2. A public space is for locals and visitors to enjoy but not t set up a tourist venture, why should locals give up what little they have to benefit tourists? We have no footpaths for our children to walk to the bus on, we have no street lights or grass verges to ride our horses on. The park is one of the few places we can ride as it is no longer safe to ride on the roads with so many tourists. Putting the proposed little village in public ground may not be where the horses ride but with increased traffic we will not be able to park our floats and tourists already frighten our horses in other places, I have had tourusts run up to my daughters horse yelling in excitement and the horse spooked and she fell off!
3. The village cannot cope worth more traffic, we cannot get out onto SH1 as it is.
4. I am increasingly finding rodney an undesirable place to live, I am really disappointed that our local council would even consider such a venture when money would be better spent on providing buses for locals into Orewa so our kids can get jobs, or providing footpaths. It seems that the tourists get everything even though it is my rates which partly found such things.

I was always under the impression that this venture was going to be created in the space Gillian currently uses as parking behind the stables area by the pub. It does alarm me that this has now apparently changed without consultation. It would be interesting to find out why.

I don't think any changes in the village should be made without consultation & approval by the community, not just a few making decisions for the majority.

Have only just heard about plans in park, and with very little notice before it is going ahead. cant believe they didnt seek community approval before proccessing so far. Woman at front desk at info day, hid approval survey, and stated "it would be going ahead", and buildings were not going on the public park. The maps indicated multipul buildings were infact going on community land. Feel this has been underhanded, rail roaded and arrogant to say the least. this area should be protected as a green space, and special place which has no room for big egos.thank you. Bohemian local resident.

Much more transparency is needed before plans for the use of public land are presented to Council which purport to be on behalf of a community - when in fact they are on behalf of a small group.

I do not agree with building any tourist destinations or buildings in this space.it will serve to only make money for a few select people and will not benef the residential community. If i had wanted to live in a built up area with tourist services , i would have bought a house in Auckland city . We live in a quiet rural community and do not need a few select people trying to make money out of Puhoi's history.

I am highly apposed to Puhoi's green spaces starting to disappear. Any building will be the start of a much bigger plan. I only found out about the meeting for Larrys project the Thursday before it was being held, and due to a friend in council informing me. There is a "news letter" put out by Judith Williams (many people do not read), which did include the meeting information, however it was in a tiny font (10 or smaller) at the bottom of the page with no heading. It would seem something as important as this should have been advertised widely and loudly. I have used this park since the 1980's as a child, and have continued to enjoy it, being part of planting restoration days, and community and personal use. It is a quiet relaxing space, free from human traffic and "city" life. For something like this to be pushed forward, and underhanded is disrespectful to those who have put in blood sweat and tears to preserve enjoy and love this place. This project is not for the people of puhoi, Puhoi IS a little village. Puhoi needs to be protected from further commercial enterprises and buildings. I am part of Puhoi, it is part of me and by partners bohemian identity and proud history. That history is in the walls of the Hall, Church and Pub. We enjoy the quiet life, which we have managed to keep private (you will find most of the descendants do not want to be in the lime light, and keep to themselves). This is no reason to disregard the feelings of the locals both new and old, and not let them have a voice. I have no objection to private land use, if it can be done, but 100% not on public reserve land. From people I have talked to, some have been told there are no buildings going on the land, others have been told, it will go ahead regardless. The forms they did have at the meeting on sunday for approval or not, were not distributed, even when requested if there were any to fill in. Sadly this project even if it goes ahead on private property has lost all my respect, and support of many locals. Council consent is hard to get for the average person and comes at a very high cost, I hope council treat this as an important project that affects both history and the future of Puhoi a special place. I want to know where and what if any funding is being proposed to this project, I have heard NZTA are funding or able to fund, due to the impact on the village with the new motorway. If this is the case ... Puhoi NEEDS community multi use paths, for walking, horse riding, bikes, dog walking, prams etc along the road to Remiger Road ... not a commercial little village like Sovereign Hill.

Q5: Age 51 +

Q6: Gender Female

Q7: Do you have any other comments, questions, or concerns?

Attract 'tourists' here by KEEPING it natural & relaxing NOT more disjointed buildings . A Park is a park ...trees , green grass, space....

Further development should not happen in Puhoi until:

1. All residents have had an opportunity to vote as to whether they would like their village to be developed as a tourist destination. A few days notice is not adequate for most families to attend a meeting when most have other commitments already.

2. There is sufficient infrastructure in place to cope with additional traffic. The roads, footpaths and village centre are already dangerous enough with the way both locals and tourists drive and park.

"We're conducting a PUHOI survey and your input would be appreciated".
 Who are we??

Check your spelling "Please share this survey with others in your household, PUHOI friends or any groups who live in or have HISTORICAL CONNECTIONS to this wonderful place"

Question 3 is very poorly constructed/worded.

Puhoi is already a Tourist Destination. Note the signs at the entrances to Puhoi. There are many websites, brochures that confirm this fact, here are just a few:

Puhoi is coping now during the busy periods as a place to go ,but under the radar, If you want to design Puhoi as a destination spot then I suggest you wait until the new motorway has been built so we can detect the traffic flow,We do not need any more buildings or traffic in the Village to showcase what Puhoi is all about, and we absolutely do not want to end up being like Matakana

I believe that the views of descendants whose families created the village atmosphere and character which Puhoi is today should be seriously taken rather than the views of new inhabitants trying to create a village matching their expectations or intentions

Puhoi is one of the oldest settlements in NZ but it has little hands-on to offer to tourists or the community about its history. To create a small walk-thru village in close proximity to the historic Puhoi pub, shop, library, trading post would be a meagre but important start for our community to really step fwd. We need to tell the story properly - we have a fantastic history that many people want to come to know. Not through photos & written records (like the PHS provides) but rather through tangible items like replicas or saved items. When you go to the Louvre, Edinburgh, Vatican Museum, Newgrange etc... you look at real items from various eras. For us in NZ - Puhoi has some of the oldest 'settled' historic items to display. Let's do it...

Q7: Do you have any other comments, questions, or concerns?

1. I as a Puhoi Community Forum member and local resident was part of the decision making process, via community consultation and submissions, who helped create the present Puhoi Pioneers Memorial Park management plan, presently under review. Although not specifically stated in the current plan, I was one of a number of residents who stated we did not wish to see further structures built on what, apart from the already-existing Sports Club, was undeveloped farmland and bush. In view of Puhoi's rapidly increasing tourist and residential visitor and population growth (and plans for this to further increase) I would prefer this land to remain as undeveloped, open recreational land. I would be happy to see the 'footprint' created by the present storage shed (formerly used for storage for horse events and other equipment by the old Waitemata Agricultural and Pastoral Show, now gone from Puhoi) at the eastern ends of the grounds, and almost out of sight, used for a community building for the Scouts and Puhoi Playgroup, and possibly, if practical, for storage of gear to be used in a Civil Defence emergency. Such a local Emergency Response Group for Puhoi is now in formation. Moving the playgroup to this site could free up the old Puhoi Convent School for entire use by the Puhoi Historical Society, which needs a larger home, but which, I feel, would be more appropriately housed in the historic school building. I do not support commercial and tourist ventures on the Puhoi Pioneers Memorial Park. Increasingly I am hearing residents voice the opinion that Puhoi is already attracting too many tourists for the comfort and convenience of its own people.

Thank you for the opportunity to participate in this survey,
Judith Williams QSM 09 4220181

Q1: What would you chose as the future of the Park?

REVEGETATION - I would like to see planting continue to enhance the natural beauty of the area

Q2: How have you used the park before?

Walking, Picnic, Family Time, Dog Walking, Relaxing

Q3: Are you aware of the planning currently underway to create a tourist destination including several structures and buildings on the Puhoi Pioneers Memorial Park?

YES

Q4: How long have you lived in the Puhoi including extended areas?

10 - 20 Years

Q5: Age

Q6: Gender

Female

Q7: Do you have any other comments, questions, or concerns?

I object strongly to the proposition of the Little Village project as I feel this space is very important for everyone to use. The little Village is not for the people of Puhoi but for tourists. It will take money from other more worthy projects. It's a multi million dollar project wanting to be non profit and run by people without the nec. experience. The Sports club is underutilised and could easily be used for any type of "presentations" and the hall is perfectly adequate for the Bohemian dancers. I feel it will be a bit of an expensive naff addition to the village that serves no value apart from pandering to someones egotistical unrealistic dream. There are very few "little Village" projects that are successful. Perhaps a travelling blacksmith and souvenir stall with all the trimmings could be part of our monthly Puhoi market and we could ascertain what sort of a draw card it is for the village.

If the museum has to move (and I do prefer it where it is) then I think this area would be ideal.
I am concerned about too much housing/developers in the area spoiling the character of the area. This needs to be carefully managed.

Puhoi is already a "little Village" and the limited govt. resources that are available to it should be used to keep it that way and provide for locals not tourist (who actually spend very little - just check them out when they come through the pub by the bus full!)

It is imperative that the park stays as a great, natural, green space for people to enjoy as they already do. With so much development happening in the whole area every public green space must be protected for the future. Also the ecology, flora and fauna must be protected - including the waterways. There is no town water/sewage in Puhoi so putting large, tourist based buildings in the park would be disastrous.

Puhoi needs to stay green. It is once of the only places north of Auckland that is not being turned into an industrial area. Let's keep it green.

I cant walk my dog on Ahuroa road so i drive down to the park and walk him there. He can go off lead, there is no traffic and its a very peaceful and pleasant experience. I would be mortified if this peace of green spaces was turned into something commercial.

I've had a few thoughts - make some kid friendly cycling tracks through the park/farm. Longer term I'd like to see the farm planted out with heritage fruit trees from the early settlers - a kind of living museum. This could be semi-commercial or a social development venture and involve horticultural education. Ideally this would be organic and operated with permaculture principles. This would be in tandem with revegetation of the wetland and hillier areas.

I think if there are changes to Puhoi we should take the lead from Matakana, making it attractive for people to spend a relaxing half-day away from the city.

Buildings would spoil the beautiful riverside setting. There would be added parking problems within the village. I am totally against this project.

Absolutely appalled to read of this ridiculous development. Build it on the pub upper carpark, or on that land opposite the tearooms, but NOT in the River Park.
