## Pūhoi Road overnight closure for deck panel installation at Arawhiti ki Pūhoi Viaduct

Hello Neighbour,

July 2020

The Ara Tūhono – Pūhoi to Warkworth structures team will be installing deck panels on the Arawhiti ki Pūhoi Viaduct across Pūhoi Road early next month. Deck panels sit on top of the girders and form the foundation for the road surface on which road users will travel across the viaduct on when the new motorway opens in mid May 2022.

As a result of this important work, the Pūhoi Road intersection may at times be busier than usual and there will be various forms of traffic management in place from late July, including overnight road closures.

### Overnight road closures from 02 August

For safety reasons and to minimise disruption to motorists, work to install the deck panels will be carried out at night. A small section of Pūhoi Road will be closed Sunday to Thursday for up to three weeks between 9:30pm and 4:00am. Signposted detours and stop/go traffic management will be in place. Please note the dates are weather dependent and may be postponed if necessary.

We will keep you updated if anything changes or the weather allows the road to stay open. The traffic management team may set up road cones and signage from 7:00pm, but Pūhoi Road will not be closed until 9.30pm. You will be able to travel through the area until this time.

### Schedule of road closures

Sun 02 Aug to Thu 06 Aug 2020	<b>Road Closed:</b> 9.30pm – 4.00am
Sun 09 Aug to Thu 13 Aug 2020	<b>Road Closed:</b> 9.30pm – 4.00am
Sun 16 Aug to Thu 20 Aug 2020	<b>Road Closed:</b> 9.30pm – 4.00am

### What does this mean for you?

During the Pūhoi Road closure dates, as noted above, signposted detours will be in place. As the detours will add a considerable amount of time to your journey, we encourage you to plan your travel for outside the closure hours, where possible. A map of the detours can be found at the end of this notification.

## What else is happening at Pūhoi Road?

On **Wednesday 29 July** the crane used to lift the panels into place will be delivered to our site (northern side of Pūhoi Road). Traffic management will be in place between 12:00pm and 2.30pm while this happens, with up to six trucks delivering equipment during this time.

Stop/go traffic management will also be in place intermittently on Pūhoi Road from **29 July to 20 August** between 9.00am and 3.00pm. This is to keep everyone safe during the delivery of our deck panels, with up to four to six trucks a day expected for this task.

For your safety and ours, please slow down and take extra care when turning into Pūhoi Road from SH1, follow the direction of our traffic management team and the safety measures in place.

*Map showing Pūhoi Road closure location*

We apologise for any inconvenience caused during the closure and thank you for your understanding while we complete this important work.

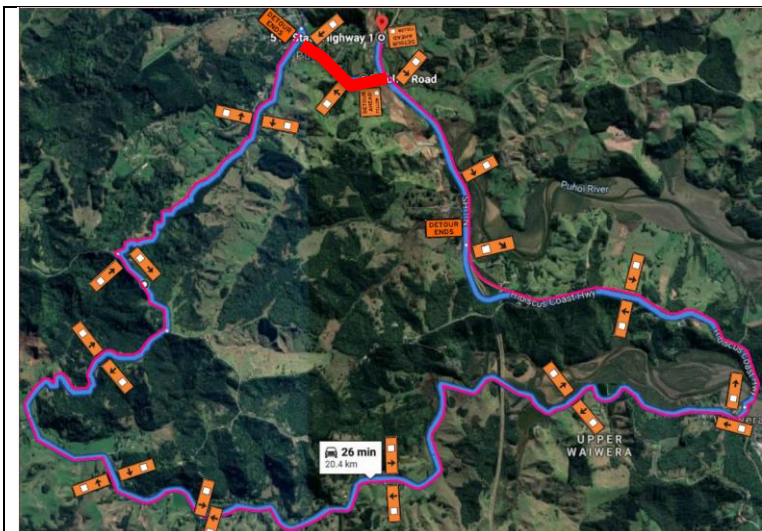

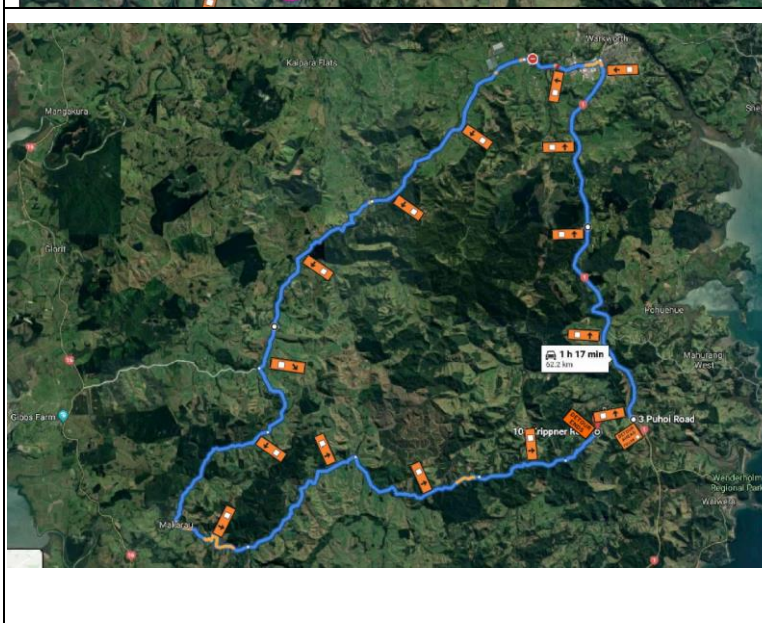

Please don't hesitate to contact our communications team via email: [info@nx2group.com](mailto:info@nx2group.com) or our 24/7 freephone: 0508 P2WK INFO (0508 7295 4636) if you have any questions.
