

Works Notification

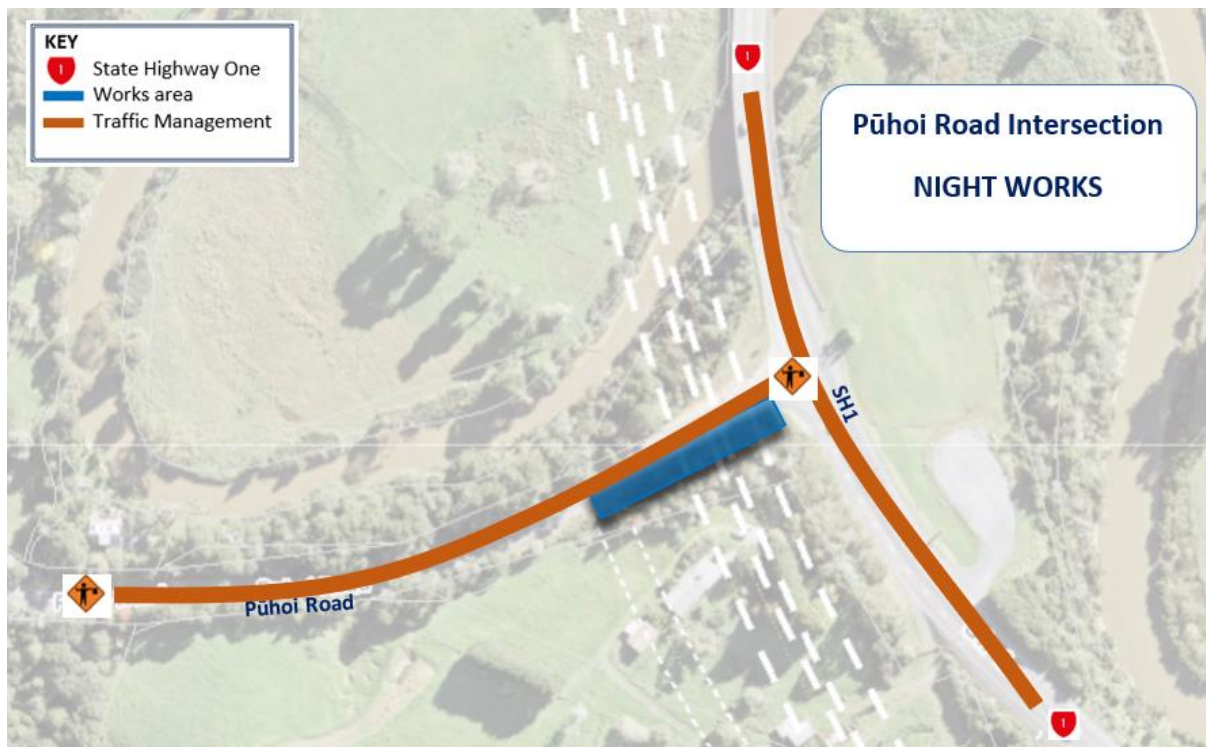

26 July 2021

Night works at Pūhoi Road intersection

The Ara Tūhono – Pūhoi to Warkworth team is planning to install lighting at Pūhoi Road intersection in August, in preparation of the new motorway's on and off-ramps. For safety reasons and to minimise the disruption to the travelling public, the work will be carried out at night and will require traffic management.

Work is set to start on **Sunday 01 August 2021** and last for two weeks. Work will take place at night from Sunday to Thursday between 9:00pm and 4:00am. Please note, all work dates are weather dependant.

Stop/go traffic management will be in place on Pūhoi Road while these night works happen (as per the below map). Traffic management will be in place for your safety and the safety of our team. Please ensure you follow the direction of our traffic management team and the safety measures in place.

Map shows approx. traffic management and work area (in blue) on Pūhoi Road

What does this mean for you?

Pūhoi Road intersection will have night time stop/go traffic management over the next two weeks, please slow down and be prepared for a short wait if travelling at night. Traffic management is in place for everyone's safety, and we appreciate your patience while this work happens. The temporary speed limit of 50km/h will remain in place at the intersection during these works.

While every effort will be made to keep noise to a minimum, we may inadvertently generate noticeable noise for some properties. The project team will actively monitor this, and every effort will be made to minimise disruptions.

We acknowledge the inconvenience of these works to neighbours and motorists and thank you for your patience and understanding while we complete this important work. Please don't hesitate to contact our communications team via email: info@nx2group.com or our 24/7 freephone: 0508 P2WK INFO (0508 7295 4636) if you have any questions.

Warm regards,

Stakeholder & Communications Team
